

Dear Pacific FC Youth Players and Families,

We would like to pass on some information about regional ID camps for our VI Wave players. ID camps are attended individually, in most cases, and are a good chance to visit a post secondary campus, meet University coaches, and get a feel for the environment and level of play, as well as be seen for recruitment. Many of these below are post-secondary ID Camps, however we have added some non-school related ID Camps at the end of the document that might be of interest as well.

Some schools have not communicated when they will hold such camps, so we have provided their athletic websites so you can periodically check in case you are interested in a particular school. This is not a list of every camp out there. Note: ID Camps can be added at these schools at any time. Every school will potentially have ID Camps, but there is no schedule for when schools typically put them out.

Please reach out if there is a school of interest not on the list, or for any further questions. If you attend an ID Camp, please inform your coach as well as the Technical Director (rgrant@pacificfc.ca) and myself (jgrant@pacificfc.ca) so we can further guide & advise you with this process.

Wishing you well with the post-secondary process!
